## MESSAGE FROM THE CEO

## Continuing turbulence

The turbulence in the world around us that we could see starting to happen in the second half of 2021 has intensified in the first quarter of this year. This is primarily due to the incomprehensible and unjustified war in Ukraine, which has led to major disruptions in world trade and large price rises for food and energy, among other things.

Inflation has become increasingly widespread in the first quarter and now covers all goods and services, which will obviously have some negative impact on our administrative costs and, in the longer term, our construction projects.

### Financing

It is now apparent that the current inflation is not transitory, as was initially assumed by all the central banks, so there is a renewed focus on fighting inflation, which has meant a more hawkish monetary policy and more aggressive interest rate hikes. The capital market has adapted quickly to the new situation, resulting in interest rate increases of around 70–450 basis points depending on the quality of the issuer.

In autumn 2021, Fastpartner issued a green unsecured 5-year bond of SEK 600m at an interest rate of Stibor 3M + 110 bps. During 2022, Fastpartner has issued two green unsecured 5-year bonds, the first in early February for SEK 1,300m at a rate of Stibor 3M + 142 bps and the second in early April for SEK 300m at a rate of Stibor 3M + 190 bps. These bond issues illustrate well the development of the fixed income market. With the current situation in the capital market, the bond issues can be seen as a sign of strength for Fastpartner, with us being paid for taking good care of our balance sheet, and having a high interest coverage ratio of 4.5 times and a low loan-to-value ratio.

We had redeemed all our preference shares as of 30 March 2022; this will improve our net cash flow by approximately SEK 25m.

### Strategy

Rising financing costs, combined with increasingly lower yield requirements for properties, have been highly significant for Fastpartner in making the strategic decision to be restrictive with major acquisitions. We have instead chosen to invest in and develop our existing property, for which the return on risk is significant-

ly better. However, it is our view that inflation on essential goods combined with higher interest rates is creating such a significant economic slowdown that by the end of next year it may be necessary to stimulate demand again via a softer monetary and fiscal policy.

### Active property management

In January, we completed a very exciting lease for a new type of low-carbon server room in the Stockholm area. This server room is innovative in that the waste heat is returned to the district heating network instead of being dumped straight into the open, as in a traditional server room. Initially, we are building about 4,000 m<sup>2</sup>, which it will be possible to double within a few years. The location of the property has been pivotal to the deal, as the server room is situated at a hub for the electricity, fibre and district heating networks.

We continue to see strong demand for all types of premises in our six core markets. For warehouse/logistics, light industrial and public-service properties, tenant demand has remained virtually unchanged over the past two years. With regard to offices, we have seen that the demand for quality has increased significantly, and that we have been successful in meeting these customer expectations.

### First quarter 2022

Rental income for the quarter grew by 5.6% to SEK 488.8m (462.7), net operating income increased by 6.8% to SEK 329.5m (308.4) and the surplus ratio rose to 67.4% (66.7).

Profit from property management for the quarter increased by 8.1% and totalled SEK 246.3m (227.9) or SEK 1.35 (1.25)/Class A ordinary share. The increase in profit from property management is mainly attributable to higher rental income resulting from newly signed tenancy agreements, completed tenant adjustments and new rents from properties acquired during 2021 and 2022.

Unrealised changes in value in the property portfolio for the quarter totalled SEK 30.3m (100.4).

Financial items for the quarter totalled SEK -132.1m (-18.0).

Profit before tax for the quarter totalled SEK 216.6m (379.9).

# Performance

## January – March 2022

### Rental income

Rental income totalled SEK 488.8m (462.7), representing an increase compared with the same period last year of SEK 26.1m, or 5.6%. The increase is attributable to newly signed contracts, completed tenant adjustments and additional rent from properties acquired in 2021 and 2022.

In a comparable portfolio, income increased by SEK 15.5m or 3.3%.

The economic occupancy rate on 31 March 2022 was 91.9% (90.4). Adjusted for Fastpartner's project properties, the economic occupancy rate totalled 92.1% (91.1).

### Property expenses

Property expenses totalled SEK 159.3m (154.3), representing an increase of SEK 5.0m, or 3.2%, compared with the same period last year. The increase is mainly explained by higher electricity costs, but also by higher insurance claims costs and a larger property portfolio.

In a comparable portfolio, property expenses grew by SEK 1.5m, or 1.1%.

### Valuation of properties

Unrealised changes in value in the property portfolio totalled SEK 30.3m (100.4). The weighted direct yield requirement for valuations of the property portfolio was about 4.4% (4.4). Newly signed tenancy agreements and completed tenant adjustments explain the period's changes in value.

### Financial items

Financial items totalled SEK –132.1m (–18.0). Financial items mainly consist of interest expenses for the Group's loans and changes in value related to financial investments and interest rate derivatives.

Financial income totalled SEK 7.3m (10.5).

Financial expenses totalled SEK 70.2m (72.2), consisting mainly of interest expenses for the Group's loans.

Unrealised changes in the value of financial investments and interest rate derivatives totalled SEK –60.4m (51.6).

### Tax

Tax for the period totalled SEK –52.1m (–78.6). Tax consists of current tax of SEK –25.8m (–22.9) on profit for the period and deferred tax of SEK –26.3m (–55.7). The corporation tax rate for the 2022 tax year is 20.6% (20.6).

### Cash flow

Cash flow for the period from current management before changes in working capital totalled SEK 125.5m (130.4). Cash flow after changes in working capital totalled SEK 309.3m (127.4). The change in cash and cash equivalents for the period was SEK 63.0m (–29.7). This was primarily the result of an increase in net operating income due to newly signed agreements as well as completed tenant adjustments. Other factors responsible for the change include investments in existing properties, acquisition of new properties and new loans, as well as the redemption of preference shares.

### Q1 IN BRIEF

- Rental income rose to SEK 488.8m (462.7).
- Net operating income increased to SEK 329.5m (308.4).
- The surplus ratio rose to 67.4% (66.7).
- Profit from property management rose to SEK 246.3m (227.9).
- Unrealised changes in value in the property portfolio totalled SEK 30.3m (100.4).
- Financial items totalled SEK –132.1m (–18.0).
- Profit before tax totalled SEK 216.6m (379.9).
- After-tax profit amounted to SEK 164.5m (301.3).

### PROFIT FROM PROPERTY MANAGEMENT PER QUARTER

# SEK 489 m

Rental income was SEK 488.8m for the period.

# Property portfolio

Fastpartner's real estate portfolio is geographically concentrated in the Stockholm area. Approximately 80% of the company's rental value is located in Stockholm, along with Uppsala and surrounding areas in Mälardalen. The remaining rental value is in Gävle (about 9%), Gothenburg (about 4%), Norrköping (about 4%) and Malmö and the rest of Sweden (together about 3%).

The largest segment in our property portfolio is offices, which account for about 46% of rental value. These office premises are mainly located in the Stockholm area. In terms of rental value, about one quarter of the offices in the entire property portfolio are located in central Stockholm and in Solna. Here is a breakdown of the property portfolio between the other segments in terms of rental value: 16% logistics/warehousing, 13% shops/restaurants, 12% care/schools, 7% industry/manufacturing, 4% housing/hotels and 2% miscellaneous.

In terms of organisation, the property portfolio is managed in four regions. The total lettable area of 1,525,997 m<sup>2</sup> is distributed among the four regions. Region 1 has 445,203 square metres, Region 2 has 416,721 square metres, Region 3 has 430,363 square metres and Region 4 has 233,710 square metres. See Note 1 for the management area of each region.

### Market value of the property portfolio

Fastpartner recognises its properties at fair value according to IFRS 13 and all properties have been valued in accordance with Level 3. The entire property portfolio is externally valued twice a year. At 31/03/2022, the entire property portfolio was internally valued based on the most recent external valuation at 31/12/2021 that Fastpartner received from the independent real estate services firms Cushman & Wakefield and Newsec, while taking into account new events such as newly signed contracts, terminated contracts received and investments in the first quarter of 2022. The total value of the Group's properties at 31 March 2022 is SEK 35,729.5m (35,323.0).

The valuations are based on the information that Fastpartner has concerning the properties. This information includes outgoing rent, lease term, any additional charges or discounts, vacancy levels, operation and maintenance costs and major planned or recently completed investments and repairs. In addition, Fastpartner also uses its own information regarding the location and market conditions for each property. The purpose of the valuations is to assess the market value of the properties at the time the valuation was carried out. Market value refers to the most likely price of a sale with a normal marketing period in the open market.

A cash flow analysis was performed for each property as part of the valuation process. The cash flow analysis consists of an assessment of the present value of the property's future net operating income during a calculation period, as well as the present value of the object's residual value after the end of the calculation period. The calculation takes into account future changes in net operating income, as well as the object's maintenance needs. The company's investment properties are valued on the basis of an average yield requirement of approximately 4.4% (4.4) on actual cash flow. The average yield requirement is about 3.9% (3.9) for Region 1, about 4.7% (4.7) for Region 2, about 4.8% (4.8) for Region 3 and about 5.1% (5.1) for Region 4.

The value of the Group's properties includes SEK 802m (802) relating to development rights valued by applying the local price and/or cash flow method, which means that the assessment of the value is based on comparisons with prices for similar development rights.

Unrealised changes in value in the property portfolio for the period totalled SEK 30.3m (100.4).

The value of the property portfolio has changed as follows:

SEKm	
Carrying amount at the beginning of the year, including properties under construction	35,323.0
+ Acquisition of new properties	165.4
+ Investments	211.0
- Sales	-0.2
+/- Unrealised changes in value of properties	30.3

# Project and property development

The development of Fastpartner's properties through refurbishment, extension and new construction yields good returns over time. Improved cash flows, higher property values and lower environmental impact are the reward.

Fastpartner is constantly refining its property portfolio by means of adaptations aimed at cutting energy costs and satisfying the various requirements of its tenants. Projects include adaptations for home care services, a restaurant and a co-working hub in Hemsta, Gävle, and a library in Tensta with associated energy savings. Refurbishment work is underway for Martina healthcare and Beckmans school in Lidingö, and environmentally certified construction is being carried out for SGD Golv in Västberga. In Frösunda, the Hilton 2 property is being developed to new-build standards, and energy measures and installation of solar cells are under way. The property will have a gym, a new restaurant and a new attractive facade.

In 2022, Fastpartner maintained a strong focus on project and property development. During the period, Fastpartner invested SEK 211.0m (777.0) in its existing properties. At 31/03/2022, current project investments in properties totalled SEK 1,127.6m (1,148.4). The remaining investment volume for these current project investments totalled around SEK 780m (660).

## Development rights

Fastpartner is constantly working to develop the company's development rights portfolio, through both the progression of existing development rights and the creation of new development rights via proactive local planning initiatives.

At 31 March 2022, Fastpartner estimated its unutilised development rights at about 443,000 m<sup>2</sup> (443,000) of lettable area, including about 138,000 m<sup>2</sup> (138,000) of residential development rights and about 305,000 m<sup>2</sup> (305,000) of commercial development rights. The unutilised development rights are in different phases, ranging from the ideas stage for the local plan, to a stage where the plan is in place and construction can begin. At 31 March 2022, the unutilised development rights were valued at SEK 802m (802), of which SEK 257m (257) related to residential development rights, corresponding on average to SEK 1,862/m<sup>2</sup> (1,862), and SEK 544m (544) related to commercial development rights, corresponding on average to SEK 1,784/m<sup>2</sup> (1,784). The unutilised development rights apply to properties held by Fastpartner with both ownership and leasehold rights.

### Credit ratings from Moody's and Scope Ratings

Fastpartner was awarded an Investment Grade rating from Moody's in May 2021. The credit rating was Baa3 with a stable outlook.

Fastpartner was awarded an Investment Grade rating from Scope Ratings in August 2020. The BBB- credit rating with stable prospects also covers Fastpartner's senior unsecured bonds and commercial paper.

### Financial position

The equity/assets ratio in the Group at the end of the period totalled 44.3% (46.0). The equity/assets ratio in the Group adjusted in accordance with NRV at the end of the period totalled 52.8% (54.7). Cash and cash equivalents including unutilised overdraft facilities totalled SEK 681.6m (615.7) at the end of the period. In addition, Fastpartner has unutilised credit facilities with Swedish banks totalling SEK 3,200m (3,350).

### Risk assessment

The Board of Directors and the Chief Executive Officer of the company have not found any reason to change the comprehensive risk assessment presented in the company's 2021 annual report.

Fastpartner's primary risks are associated with economic trends, financing costs, access to liquidity on the financing market and changes in property values. All these risks are interlinked and affect each other. Access to liquidity and interest rate levels are pivotal to investment and consumption trends, which in turn affect the economy, although interest rates are naturally the most significant factor for increases in the value of properties. At the end of 2021, we were able to discern a trend towards increasing inflation, primarily for energy, transportation, and to some extent food. This trend has continued into the start of 2022, and has been reinforced by the tragic events in Ukraine. To counteract inflation, all major central banks have started raising their policy rates to some extent and have announced that they will end their current QE programmes and start shrinking their balance sheets. Bond and bank financing spreads have also diverged quite considerably. For Fastpartner, this is verifiable as the company has a very strong balance sheet, a loan-to-value ratio of 42% and an interest coverage ratio of a high 4.5 times.

The economy is likely to weaken during the year, but even in this respect the company is in a good position with high demand in its market segments and an attractive customer offering.

### Related party transactions

During the period, all transactions with companies within the Fastpartner Group, Henrik och Sven-Olof Fastigheter AB, Fastpartner's associated companies and with the Parent Company Compactor Fastigheter AB were carried out on market terms. No other significant business transactions with related parties were carried out during the period.

### Employees

At 31 March 2022, the Group had 82 (80) employees, of which 58 (56) were men. All are employed by the Parent Company.

# 44.3%

The equity/assets ratio in the Group at the end of the period totalled 44.3%.

# 52.8%

The equity/assets ratio in the Group adjusted in accordance with NRV at the end of the period totalled 52.8%.

**Change in pledged assets and contingent liabilities**

Pledged assets increased to SEK 10,152.5m (9,882.5) during the period as a result of Fastpartner taking out secured bank loans.

**Events after the end of the period**

Fastpartner has issued additional unsecured green bonds for SEK 300m. The bonds were issued under the existing MTN programme and are an extension of MTN loan no. 104, with the total volume of this after the extension being SEK 1,200m. The loan carries a variable rate of Stibor 3M + 1.90 percentage points and has a final maturity in February 2027.

**Parent Company**

The Parent Company conducts parts of the property management business on behalf of the Group. Rental income for the Parent Company during the period totalled SEK 145.1m (138.4) and profit after financial items totalled SEK –19.9m (87.0). At 31 March 2022, cash and cash equivalents totalled SEK 125.5m (149.6). The risk assessment for the Parent Company is the same as for the Group.

## REASONS FOR BEING A FASTPARTNER SHAREHOLDER

### Clear focus on Stockholm

Around 80% of the rental value is in Stockholm and its surrounding areas in Mälardalen. Properties are located in attractive areas, many on a metro route, in the Stockholm area. In a constantly growing market, demand for premises is high, which results in higher rent levels and lower vacancies.

### Good returns and dividends

The total return on the share over the past five years has been 96%. The dividend has been steadily increasing and, since 2002, Fastpartner has paid over SEK 2.9bn to its shareholders.

### Constant growth and ambitious targets that are achieved

Fastpartner's profit from property management rose from SEK 198m in 2010 to SEK 972m in 2021, an increase of 391%. The targets that Fastpartner set during these years have been met. In Q1 2022, Fastpartner's rolling profit from property management totals approximately SEK 1,060m.

## Accounting policies

Fastpartner prepares its consolidated financial statements in accordance with International Financial Reporting Standards (IFRS). This report has been prepared in accordance with IAS 34 Interim Financial Reporting and the Swedish Annual Accounts Act. The Parent Company prepares its financial statements according to RFR 2, Accounting for Legal Entities and the Swedish Annual Accounts Act. The Group and the Parent Company have applied the same accounting policies and valuation methods as in the most recent annual report.

New or amended IFRS standards or other IFRIC interpretations that have entered into force since 1 January 2021 have had no material effect on the consolidated profit and loss accounts or balance sheets.

Disclosures in accordance with IAS 34 Interim Reporting are provided both in notes and elsewhere in the Interim Report.

## ASSURANCE OF THE BOARD OF DIRECTORS

The Board of Directors and the Chief Executive Officer hereby certify that the interim report provides a true and fair view of the Parent Company's and Group's operations, financial position and profit/loss and describes the significant risks and uncertainties facing the Parent Company and the companies included in the Group.

Note that IFRS 16 effects in respect of ground rents are reported separately above.

In accordance with IFRS 8, segments are presented from the point of view of management, divided into the following segments: Region 1, Region 2, Region 3 and Region 4. These four regions identified are the management areas used to monitor the business with reporting to the Executive Management Team. The accounting policies used in internal reporting are the same as for the Group in general except in respect of ground rents, which are recognised as a financial item in the Group profit and loss account. The four regions are followed up at the net operating income level. In addition, there are unallocated items and Group adjustments. Rental income, which is external in its entirety, property expenses, and unrealised changes in value, are directly attributable to the properties in each segment. Gross profit consists of earnings from each segment, excluding allocation of central administrative expenses, share of associated companies' profit, items in net financial items and tax. Assets and liabilities are recognised on the balance sheet date and property assets are directly attributed to each segment.

Region 1 includes the company's properties in the areas Lunda/Spånga/central Stockholm/Alvesta/Malmö/Växjö and Ystad, as well as the company's three urban centres, Hässelby, Tensta and Rinkeby.

Region 2 includes the company's properties in Västberga/Bromma/Täby/Lidingö/Södertälje/Norrköping/Älvédaberg/Strängnäs/Eskilstuna and Enköping, as well as the company's two urban centres in Älvsjö and Bredäng.

Region 3 includes the company's properties in Akalla/Märsta/Knivsta/Vallentuna/Sollentuna/Upplands Väsby/Uppsala/Göteborg and Ulricehamn.

Region 4 includes the company's properties in Gävle/Söderhamn/Sundsvall/Ludvika and Hedemora.

## NOTE 2 MEASUREMENT AT FAIR VALUE

Financial instruments are measured at fair value or at amortised cost on Fastpartner's balance sheet. According to IFRS 13, Fair Value Measurement, fair value is divided into a hierarchy of three levels. The three levels should reflect the methods used to assess the fair value.

The official market listing on the balance sheet date is used when measuring fair value. If no such market listing is available, fair value is measured using generally accepted methods such as discounting future cash flows and comparisons with recently completed equivalent transactions.

Level 1 includes financial instruments where measurement is based on quoted prices in an active marketplace. Fastpartner's holdings in Swedbank, SEB, Nordea and Randviken Fastigheter are valued according to level 1.

Level 2 includes financial instruments where valuation is mainly based on observable market data for the asset or the liability. Fastpartner obtains market valuation of all of its interest-rate derivatives from each lender. The measurement model is unchanged compared with the description in the Annual Report. For Fastpartner, all interest-rate derivatives are measured according to level 2.

Level 3 includes financial instruments where measurement is based on the company's own relevant assumptions.

The table below shows financial assets measured at fair value as of 31/03/2022.

Fastpartner measures its properties at level 3 based on non-observable market data. See page 7 for a more detailed description of these measurement principles.

Equity in relation to total assets.

### Equity/assets ratio adjusted according to NRV (net reinvestment value) (%)

Equity with reversal of interest-rate derivatives and deferred tax in relation to total assets.

## SHARE-RELATED

### Equity per Class A ordinary share

Equity in relation to number of outstanding Class A ordinary shares at the end of the period.

### Long-term net asset value per Class A ordinary share, NRV (Net Reinvestment Value)

Equity per Class A ordinary share with reversal of interest-rate derivatives and deferred tax.

### Earnings per ordinary share, Class A

Profit/loss after tax, adjusted for dividends on preference shares and Class D ordinary shares, in relation to average number of outstanding Class A ordinary shares. The comparative figures for the previous year have also been adjusted for dividends on preference shares.

### Weighted average number of outstanding shares

Weighted average number of outstanding shares over a certain period.

Fastpartner presents certain financial performance measures in the interim report that are not defined according to IFRS. Fastpartner considers that these measures provide valuable supplementary information for investors and company management, as they enable an assessment of the company's performance. Since not all companies calculate financial performance measures in the same way, the measures are not always comparable to measures used by other companies. These financial measures should not therefore be regarded as substitutes for measures defined according to IFRS. Measures presented on the next page are not defined according to IFRS, unless stated otherwise.

## FINANCIAL MEASURES NOT DEFINED ACCORDING TO IFRS

		2022 01/01 – 31/03	2021 01/01 – 31/03	2021 01/01 – 31/12
<b>Rolling annual profit from property management, (4 quarters ahead)</b> Rolling annual profit from property management is a key ratio that Fastpartner considers to be relevant to assess the profit-generating capacity of the underlying business and the key figure serves as the basis for follow-up of the company's financial targets.	Profit from property management, SEKm	246.3	227.9	972.4
	Adjustment for share of profits of associated companies, SEKm	-0.1	-	-0.7
	Adjustment to average surplus ratio, SEKm	3.4	8.9	3.5
	Adjustment for acquisitions and newly signed contracts that have not yet come into effect, SEKm	13.7	8.2	62.3
	Adjustment for closing swap contracts and changes in margins at refinancing, SEKm	1.7	2.5	12.5
	<b>Adjusted profit from property management, SEKm</b>	<b>265.0</b>	<b>247.5</b>	<b>1,050.0</b>
	Rolling annual profit from property management, (4 quarters ahead), SEKm	1,060.0	990.0	1,050.0
<b>Equity/Ordinary share, SEK</b> Fastpartner considers this key ratio to be relevant since it shows how the Group's equity is distributed per outstanding ordinary share and has been included to disclose the quantity of equity, according to this definition, per ordinary share.	Shareholders' equity, SEKm	16,957.8	14,358.7	17,457.4
	Total number of ordinary shares outstanding	182,900,000	182,900,000	182,900,000
	Equity/Ordinary share, SEK	92.7	78.5	95.4
<b>Long-term net asset value per Class A ordinary share, NRV, SEK</b> Fastpartner considers this key performance indicator to be relevant since net asset value is the aggregate capital that Fastpartner manages for its owners. Long-term net asset value is based on the Group's book equity, with adjustments for items that do not involve any payment in the near future, such as, in Fastpartner's case, derivatives and deferred tax liability, distributed per Class A ordinary share.	Shareholders' equity, SEKm	16,957.8	14,358.7	17,457.4
	Reversal of deferred tax, SEKm	3,253.7	2,519.4	3,227.4
	Reversal of interest-rate derivatives, SEKm	11.5	106.8	75.7
	Total number of Class A ordinary shares outstanding	182,900,000	182,900,000	182,900,000
	Long-term net asset value per Class A ordinary share, NRV, SEK	110.6	92.9	113.5
<b>Return on equity, %</b> Return on equity is a key performance indicator that Fastpartner considers to be relevant in terms of indicating the company's return on equity in the Group.	Profit/loss after tax, SEKm	164.5	301.3	3,367.7
	Calculated at annual rate, SEKm	958.0	1,205.2	3,367.7
