

FastPartner

Previous relocation

Are you planning to move out of your apartment before your lease with Fastpartner expires? If so, can the new tenant that Fastpartner approved as a tenant move in earlier?

If you move out and let the next tenant move in earlier, it is an agreement between you and the new tenant. This agreement shall be in writing.

It is important to keep in mind that you are still fully responsible for your apartment as long as the lease with Fastpartner applies.
